Although the fair remains our largest happening of the year, there are other community events that call the Rock Island County Fairgrounds home. As a non-profit organization, we value the local organizations and businesses who provide their support in continuing our tradition of educating youth about the importance of agriculture and being involved with the county fair. We offer our facilities free of charge to organizations that share our mission, such as the University of Illinois Extension local 4-H clubs and the Rock Island County Home Extension.

Continuing to provide agricultural education is a constant challenge and we are asking for your help. Your donation to the Rock Island County Fair Association allows us to continue our tradition of agricultural advocacy through community events. We have included information on our sponsorship levels and are confident that you can find one suitable to your needs, however, feel free to reach out if you are interested in customizing one! The Rock Island County Fair Association is a 501(c)(3) corporation; all donations are tax-deductible.

Your support is greatly appreciated. We hope to see you at the Rock Island County Fair!

Best Regards,

The Rock Island County Fair Board of Directors
